

Maya Pal Gambhir
gambhir@princeton.edu | mayapalgambhir.com

EDUCATION

Princeton University | Princeton, NJ 2026 - Present
Ph.D. in Computer Science
Advisors: Aleksandra Korolova and Jonathan Mayer

University of Pennsylvania | Philadelphia, PA 2022 - 2026
B.S.E in Artificial Intelligence
Advisors: Aaron Roth, Surbhi Goel
GPA: 3.87/4.0

PUBLICATIONS

Maya Pal Gambhir, Bailey Flanigan and Aaron Roth [Near Optimal Dropout-Robust Sortition](#). *In The 29th International Conference on Artificial Intelligence and Statistics*. (2026) | Spotlight

Maya Pal Gambhir, Maxon Rubin-Toles, Keshav Ramji, Aaron Roth, and Surbhi Goel, [Conformal Language Model Reasoning with Coherent Factuality](#). *In The Thirteenth International Conference on Learning Representations*. (2025) | Poster

RESEARCH EXPERIENCE

Center for Information Technology Policy (CITP) | *Princeton Computer Science* | 2026 - Present
Graduate Researcher, advised by Aleksandra Korolova & Jonathan Mayer

Undergraduate Thesis | *University of Pennsylvania* | 2025-2026
Advised by Professor Surbhi Goel & Bailey Flanigan (MIT)

Independent Undergraduate Research | *University of Pennsylvania & MIT* | 2024 - 2026
Advised by Professors Surbhi Goel, Bailey Flanigan and Aaron Roth

Computational Social Science Lab | *University of Pennsylvania* | 2023
Research Assistant

TEACHING EXPERIENCE

Teaching Assistant, **CIS 5230: Ethical Algorithm Design** | *Jan. 2026 - May 2026*
Teaching Assistant, **CIS 3333: Mathematics of Machine Learning** | *Aug. 2025 - Dec. 2025*
Teaching Assistant, **CIS 1600: Mathematical Foundations of CS** | *June 2025 - Aug. 2025*

FELLOWSHIPS/AWARDS

AI Academic Excellence Award, Raj and Neera Singh BSE in AI Program (2026)

Wolf-Hallac Award, Penn Engineering (2026)

Recognizes the outstanding graduating female senior from Penn Engineering (top 10% GPA, leadership, and community impact)

Computing Research Association Undergraduate Research Award, Honorable Mention (2025)

Rachleff Scholars Program, University of Pennsylvania

Selected for a small cohort of twelve Penn Engineering undergraduates, 10-week paid summer research fellowship with faculty mentorship
